

Here are some specific prayer requests from pregnancy centers:

Theresa Hamlin, Care Net Pregnancy Center of the Mount Washington Valley, Conway, NH:

We need Godly, mature board members and volunteers. Pray that we would know how to talk to the clients who come in.

Fran Currier, New LifeCrisis Pregnancy Center, Mexico, NY:

For the two most recent young women, not abortion minded, however, their partners are not willing to accept the pregnancy, and encouraging to abort....Lord hear our prayer....Strength for Sarah, and also for Alicia to stand up for life and not give in to death... no matter what..and for their partners for a change of heart.....Amen.....

Talli Moellering, A Beacon of Hope, Johns Creek, GA:

Our prayer request is to connect more to the community at large so that more individuals in need of our services will know about us. Also, the transition in leadership -- grace and commitment as we move forward.

Suzie, East Los Angeles Pregnancy Center, Los Angeles, CA:

I am a volunteer at East LA pregnancy Center. I want to become an Ultrasound Technician so that I may help abortion-minded women see the precious gift of life they hold in their womb and hopefully choose to not abort it. I want to be able to provide ultrasound services for free at our pregnancy center and others. I need prayer that I find the right school to do so and that I will have God's favor and that His will be done. Please pray for East LA Pregnancy Center and its employees/counselors as well as the volunteers and that God blesses our center with more resources and donations of baby goods. Please also pray that God shakes things up and does mighty things in East Los Angeles! Thank You for your prayers Brothers and Sisters!

Malisa Williams, Christian Child Placement Services, Portales, NM:

Please lift up the Christian Child Placement Services of the New Mexico Christian Children's Home in prayer. Pray that we listen to God's guidance as we assist birth families in unplanned pregnancies, as we provide adoption services, as we provide unplanned pregnancy option counseling, as we provide accurate abortion information, and all the other services we provide. Pray that we are able to minister to birth parents in an unplanned pregnancies and that God's love shines through us as we come in contact with the hurting. nmcch.org

Tina Malone, Hope Pregnancy Donation Center, Hagerstown, Maryland:

We are located right next door to the Hagerstown abortion clinic. Please pray for more women to walk thru our door at Hope, and stop walking thru the clinics.

Judy Weber, CEO, First Coast Women's Services, Jacksonville, FL:

The Lord has richly blessed our work in the NE Florida community by allowing us to open 4 centers in the Jacksonville area. We feel His strong leading to open a center serving the urban heart of this city. There are so many hurting people there who need these services and His love. Please pray that we will discern His direction, receive help from this community and move out boldly.

Lora J. Abel, Human Life Services, York, PA:

I am the new Executive Director as of January 4, 2010. Please pray for God's guidance as we seek ways to reach out to abortion minded/ vulnerable women in our community. We are also in great need of financial resources. It is our 25th anniversary this year, and I'd like to see some new and wonderful things happen at our center! Thank you for your prayers!

Jessica Freyne, Haven of Hope, Hazleton, PA:

Please pray for our efforts to open a pregnancy crisis center in our city. Thankfully, the local Planned Parenthood just closed its doors permanently which leaves a great opportunity to help at risk women to keep their babies. We know lots of work is ahead. Please pray for us to persevere and for our spiritual protection. Thank you!

Joanne Kennedy, Pregnancy Resources, Melbourne, FL:

I am a volunteer counselor and took a phone call yesterday from a very distraught 34yr old Christian woman. She was pregnant with her fourth child and was looking for a place to abort. She was so upset and said she could not physically, mentally, emotionally handle another child. Her husband was supportive of her carrying to term and parenting. He was not pressuring her to abort. Please pray for her to have a change of heart. She even said her other children were a blessing.

Cindy Irizarry, Heartbeat of Miami, Miami, FL:

I am a board member of Heartbeat of Miami and the current banquet coordinator for our annual fundraiser, coming up in April. Please pray that we may secure generous donors to help us prepay for our banquet so that all pledges received on that evening would go directly into the ministry. Also, pray for people's hearts to be softened and wallets to be opened to help save lives. For Martha Avila, our ministry's president, her clinic directors, staff, volunteers, my fellow board members, our keynote speaker and all the little details that are involved in putting on this event.

Kim Campbell, Care Net Pregnancy Center of Clallam Co., Port Angeles, WA:

I'm sure you've heard about the legislation here in Washington State pertaining to pregnancy centers here. The committee hearing is tomorrow at 8AM pacific time until 10AM. Please pray that this bill will die in committee and we can continue our life saving work. Thank you!

Catalina Tate, Showers of Grace, Guayaquil, Guayas / Ecuador:

We are the only PRC in the city of Guayaquil. We have begun a project called "Fertile Land". It consists on praying three days a week in front of two abortion clinics. We are just "knowing the land" that the Lord has given to us. Please pray for the volunteers that are going to pray (2 each day) that a legion of angels will be with them. Pray that the Lord will guide them when they decide to approach someone. Please pray for more volunteers for this project. Prayer times are: Tuesday 9h30 to 11h30, Wed from 10 to 12 and Friday from 11h30 to 13h30. Thanks and blessings.

Suzanne King, Care Net Pregnancy Center of Windham County, Brattleboro, VT:

We have the opportunity to purchase a building to house our ministry. By doing this it would cut our operating costs which would allow us to put more of our funding directly into the ministry. It would also potentially give us the space to expand with ultra-sound capabilities at some later date. The building is located right next door to our local Planned Parenthood. Our parking lot is the property line. When women in need see Planned Parenthoods sign they would also see ours. We have been told we can get the financing but we need to raise the capital for a down payment. Our goal is \$50,000. We presently have \$6,000. If this is God's will for us we know it can happen. Please be in prayer for us and our capital campaign.

Gwen Bridgeford, Agape Pregnancy Help Center, San Antonio, TX:

My name is Gwen Bridgeford. I am the Director of the Agape Pregnancy Help Center NW. We have a second location that is our Downtown location. We are in desperate need of volunteers. To be specific we need at least 30 more volunteers to operate God's ministry at these two locations. Between the two Centers we counsel over a 150 girls a month. Please be in prayer for our fundraising banquet in May 2010. Thank you. Be Blessed Gwen.

Jennifer Miller, Life Choice PRC, Cannon Falls, MN:

Our goal at Life Choice is to build a community that values life. We want to help young people value and respect their own lives so that they will be motivated to make good choices. And we want help those who struggle with a painful past, to value their lives again, so that the cycle of crisis pregnancy will stop and not be carried on to their children. My prayer request is that we would have the insight and wisdom here at the center to create opportunities to minister to these young people. We want to build relationships with the young people in our small community and be a safe and positive place for them to turn to. This is our goal, but we need the wisdom, the creativity AND the manpower to carry out this mission. Pray for our community that God would raise up men and women who want to be a part of leading this ministry. Thank you.

Debbie Durrell, Lois' Lodge, Charlotte, NC:

We need to raise a significant amount of money in a short time due to issues with the property we are using. We are a maternity home setting and seem to fall through the cracks in terms of support from pro-life individuals and churches. Maternity Homes are disappearing as an option for this reason. Many women choose abortion because they do not feel they have options. We are here to offer practical help and support through food and shelter, in addition to counseling and teaching. Our ministry also has a huge impact spiritually and as a consequence it would be a shame if we could not continue on. Please pray that we can raise the funds and that maternity homes would be appreciated for the impact they have on lives. www.loislodge.org

Kathryn Sneckner, CHOICES, Woodland Park and Cripple Creek, CO:

We have prayed for the harvest and are beginning to see more and more truly abortion minded clients walk in our doors before their scheduled abortion appointment somewhere else. Please pray that our staff and volunteers will be continually filled with the Holy Spirit, ready with His words and His love, as we reach out to these young women. Also, we have outgrown our facilities in both locations, so are seeking God regarding expansion or relocation. Please pray for wisdom for our board and leadership.

Peter Castellani, Oasis - a Pregnancy Care Center, Land 'Lakes, FL:

Oasis is a new center and God has blessed us in many ways. We pray for God's provision especially financially. We need to raise \$30-40K quickly to establish a solid base for the ministry and steady monthly financial support.

John Banda, Pregnancy Decision Health Centers of Zambia, Ndola, Zambia:

First we would like to take this opportunity to thank Focus on Family for their support during these difficulty times. Because of their support women and girls in Zambia are making informed decisions. We want you to join us pray that Zambia will not legalize abortion as is rumored. The country is making a new constitution and the government is under pressure from donors to legalize abortion. Pray that Planned Parenthood association of Zambia will not succeed in their work to spread abortion in our nation. Pray that we get a 4x4 truck to enable us get to remote places in our country to inform our people about the sanctity of human life. We need \$6500 to do this.

Peggy Fabre, LAS, A Woman's Choice Pregnancy Resource Center, Houma, LA:

We need prayer for wisdom to counsel the abortion-minded client. We just move locations to a more visible part of the city in December and we are already seeing an increase in abortion minded calls and walk-ins. We need prayer that the church & business community partner with us to fight this battle so that we have the finances we need to service our clients. Our volunteers need prayer that a hedge of protection for them and their families. Lastly, I need prayer to be the leader God calls me to be to help change hearts of not only the clients we see but our community we serve.

Stacie, Hope Pregnancy Center, College Station, TX:

Our center is located next to a college campus - we have a large number of married Asian students come to the center who are interested in our pregnancy classes. A large majority of them know very little about God and although they can be interested and open to hearing about God, it is very difficult for them to accept Him as their Savior. Please pray for wisdom for our staff and volunteers and that the Lord would open their hearts and give them the faith to believe.

Amy Scheuring, Women's Choice Network, Pittsburgh, PA:

Please pray for our Urban Initiative. We have opened a new ministry center in Wilksburg and are faced with so many who are lost and needy. Pray for wisdom for our staff and for additional volunteers. They need God's protection as they penetrate the darkness with the message of life and the good news of the gospel. Praise God for African American leaders who have emerged and become engaged. Pray also for our Oakland Center in the heart of the campus communities. God is at work in our city!

Terri Jennings, Pregnancy Resource Center, Wiggins, MS:

We are in desperate need of volunteers. Please pray that God will open the ears and eyes of women and men of our community so they would see that we are indeed a ministry for women, men and ALL babies.

Sandra W. Franke, Pregnancy Help Center of Concho Valley, San Angelo, TX:

We are asking for special prayer for our volunteers, staff and board members. Many of them are enduring family crises, illness/injuries and financial despair. Thank you very much.

Eileen Pressler, Lighthouse of Sarajevo, Sarajevo, Bosnia And Hercegovina:

Pray for the means to translate & produce quality educational tools in the Serbo-Croatian language. We are not starting on the ground floor here but, below it. Pray for Bosnian Christian volunteers or workers from abroad, who are called of the Lord to this work sooner rather than later. We have been donated a fine building, well located, rehabbed & funds to pay basic expenses. Bosnia has no Crisis Pregnancy centers and no post-abortion ministry. Pray for patience to lay a strong foundation. Pray for our plan to go into the schools next semester and teach on sexual abstinence, STDS, consequences of becoming sexually active & abortion.

Martha A. Cramer, Pregnancy Testing Center, Brownsville, TX:

We have an upcoming fundraising banquet in April and we really need favor in our city with previous Sponsors and for new ones. For our committee, speaker, and wonderful weather. Thank you so much for standing in for us. We really appreciate you.

Alicia Geilfuss, Pregnancy Resource Center of SFV, San Fernando Valley, CA:

Provide donors and volunteers to help with the ministry of dealing with unplanned pregnancies and helping us share the Gospel with the unsaved in the Valley known as the porno capital of the USA.

Paula Odom, Mid Cities Pregnancy Center, North Richland Hills, TX:

Our prayer request: God is bringing in more and more clients to our home office-that is great news-but we are outgrowing our space. We are praying for the Lord to provide a building for us, so that no one is turned away, and we can reach more women who are at-risk for abortion. Thank you so much for your prayers!

Pamela Jones, Midlands Women's Center, Camden, SC:

- *For the hearts of the women who enter or call our center to be softened to receive the gift of life for their babies and themselves.*
- *That our center would be a beacon of light to those who are wondering, unsure, lost.*
- *For volunteers with a heart for young women and men in pregnancy-related situations to be led by God. Thank you.*

Jan Monski, Sav-A-Life East, Inc., Birmingham, AL:

We have a medical director, nurse manager, exam room and table. We need to complete 'the process' to go medical ASAP. Please pray for God's leadership and guidance as we pursue this much-needed ministry...and for more nurses to step up and make themselves available to us. And our on-going need for volunteers.

Maureen Metcalf, Legacy Pregnancy Resource Center, Sheridan, WY:

We are seeking guidance and wisdom as we work to become a life affirming medical center. We opened our center December 2, 2009 and are working with 33 moms and 3 dads. The speed this ministry has grown is amazing and we ask for prayer as we tackle this new challenge.

Janie Rivera, Pregnancy Testing Centers, Mission, TX:

After 20 years of serving the Lord in this ministry I have yet to get a breakthrough in this area and would appreciate your help. We need to get recognition from area church Pastors as a local Mission's outreach. Very, very few church Pastors recognize this, as the result of this the local church involvement with our work is very little. During this Sanctity of Human Life month we would appreciate the area Pastors recognition of our ministry. Most Appreciative of Your Help.

Vicki Wangler, Caring Pregnancy Center, West Branch, MI:

Thank you for all your support. We would like to request prayer for at least 3 new board members, a Dr. & a lawyer would be an extra blessing. Also, God's direction for whether or not we should add ultrasound. We are a small community, but serve 6 counties and wonder if our abortion rates would go down if we could offer this service. We also need a great deal on a new phone system. Thank you!

Suzie, East Los Angeles Pregnancy Center, Los Angeles, CA:

I am a volunteer at East LA pregnancy Center. I need prayer for my walk with Christ as I want God to use me to my full potential and so I could be an example to others and to help those in need. I want to become an Ultrasound Technician so that I may help abortion-minded women see the precious gift of life they hold in their belly and hopefully chose to not abort it. I need prayer that I find the right school to do so and that I will have God's favor and that His will be done. Please also pray for East LA Pregnancy Center and its employees/counselors as well as the volunteers and that God shakes things up and does might things in East Los Angeles! Thank You for your prayers Brothers and Sisters!

Kimara Winters, Alpha Life Resource Center, Watertown, WI:

Praise God with us as our center has been able to serve our community for 25 years in 2010! Thank him for faithful generous hearts and a strong pro-life circle of support that allow us to not worry about finances every day. Then please plead with the Lord that He send our center new, energetic hands to join the day-to-day work of counselors, receptionists, hotliners and board members, as we are at a deep ebb in volunteers. Thank you very much for this prayerful encouragement!

Mary Lefner, Pregnancy Center of the Illinois Valley, Cave Junction, OR:

Please pray about our finances and the spiritual attack that we are under...we have been working toward a medical conversion for approx. 3 years now. Please also pray for our clients, volunteers and board.

Tina Lampke, Crisis Pregnancy Center & Hannah House Maternity Home, Bloomington, IN:

In the past year, the number of people we're serving has dramatically increased. We praise God for that blessing. We need God's continued blessings of enough finances and volunteers to expand our facility and our programs to meet the need. We also need prayer to reach more abortion-vulnerable women on the Indiana University campus. Please also pray for God's protection and healing for our staff. Several have been struggling with illness and injuries in the past few months.

Eeleah Cummins, Mississauga Life Centre, Mississauga, Ontario, Canada:

Thank you for your support! Please pray for the following:

- 1. That girls would continue to find us and want to come in and talk about their options. -that the Lord would place that desire in them.*
- 2. Financially: to increase our staff and space*
- 3. Schools would continue to open their doors to our programs*

Thank you again for your faithful prayers! We can't do this without God! He is our Rock and strength!

Anne Montgomery, Executive Director, Full Circle Women's Services, Athens, TN:

We, as many other centers, request prayer for our upcoming fundraising efforts during tough economic times. We are praying for the strengthening of current relationships and the cultivating of new relationships among our local congregations as we reach out to engage them in our mission at Full Circle. We pray for our effort to unite our community to raise funds so we can reignite our Abstinence Education programs in our schools and we pray that it dramatically makes a difference among our youth. I am so thankful for all the resources God has provided to our center of which you are a part.

Lisa J Stiefken, San Bernardino Pregnancy Resource Center, San Bernardino, CA:

Our staff, both paid and volunteer is experiencing an unprecedented time of challenge and testing. Some with parents who are elderly and ill, some with spouses who have been diagnosed with serious illness, some who have children who are creating chaos and heartbreak. We are determined to continue forward, and would appreciate prayer for strength and stamina.

Jennifer Friedersdorf, LIFE Center, Wabash, IN:

As we convert to becoming a medical clinic that we may find an RN and Dr. to step up and be apart of our team. That our board would be committed and that the Lord will lead them to do what we need to do in this transition. That we will be able to reach out to those seeking abortion and help them make a more informed decision. And ultimately leading others to Christ.

Angela Borges, PRC of Ft. Bend Co., Rosenberg, TX:

Our prayer for PRC of Ft. Bend Co. is as we begin the New Year with a new Executive Director that we can continue to build and grow our center to meet the needs of our community and that we as a team can continue to grow together for PRC.

Kimberly Robinson, Save The Babies House of Refuge, Inc., Fayetteville, NC:

Please pray that the Lord will deal with the hearts of men and place a burden and deep desire to assist in saving the lives of the unborn. Many send encouraging words and "appreciate what we are doing" but even in Luke 10 where Jesus stated "the harvest is plenty but the laborers are few" so, it also is in this fight against abortion. Please pray not only for our organization, Save The Babies House of Refuge, and for the staff and the attacks we go under as well as financial aid but for everyone out there fighting in one arena or another to protect His precious little gifts of life.

Patty Stringer, Birth Choice of the Desert, Indio, CA:

We are having a Grand Opening and our first March for life on Thursday January 21st. We live in the desert and we are experiencing rainstorms this week. Pray that it does not rain from 3:30 to 6:30 Pacific time.

Betty Selig, Crossroads Pregnancy Care, Quakertown, PA:

We need a new, larger home so we can expand all client services. We need additional/larger counseling rooms. God has also given us the vision to add Ultrasound and possibly STD/STI testing; this also requires space that we do not have.

Sue Parker, CEO, Life Choices, Inc., Memphis, TN:

I'd like to offer what has become my constant prayer, a quote taken from a wonderful book a friend gave me, "Hudson Taylor and the China Inland Mission, the Growth of a Work of God", Publisher: The China Inland Mission (1921) "Money is not the chief thing in the Lord's work, especially money easily given, under the influence of emotion. I would far rather have each one... ask the Lord very definitely what He would have them do."

I'm convinced that true directional giving, based on earnest prayer will answer the financial need so many Pregnancy Medical Clinics (PMCs) seem to be facing. So... that is my prayer request, for all PMCs laboring to preserve life in communities large and small, against challenging economic obstacles and culturally adversarial opponents, remembering that while the battle rages, the ultimate victory is already won! God bless you and all those who labor in this amazing calling of God. It's always good to be reminded that it's not about us... has there ever been a battlefield work of God that was easy? Count it all joy that we have an endless supply of encouragement in God's Word and the saints who've labored in His work. God's blessing to all of you as we begin our new year with anticipation at how we'll see God provide for our every need.

"... Watch and be utterly amazed. For I am going to do something in your day that you would not believe, even if someone told you." Habakkuk 1:5

Nancy McDonald, Executive Director, Hope Women's Centers, North Lauderdale, FL:

Our prayer request for the coming year is that God would teach us to HOPE and QUIETLY WAIT for the salvation of the LORD, while we go about our work of encouraging and equipping women to make informed decisions regarding unplanned pregnancies. As we learn how to do this, we pray that He will call many, many Christians in our area to PRAY, to GIVE, and to VOLUNTEER. Blessings for a Happy New Year! "The Lord's mercies are NEW every morning; great is HIS faithfulness. The LORD is my portion, says my soul; therefore will I hope in him. The LORD is good for them that wait for him, to the soul that seeks him. It is good that a man should both HOPE and QUIETLY WAIT for the salvation of the Lord." — Lamentations 3:23-26

Karolyn Schrage, LifeChoices Medical Clinic, Joplin, MO:

- *As we open the new 4U Testing Clinic, may we find continued University Administration cooperation for the college freshman/transfer student orientation class presentations in southwest Missouri.*
- *Pray that more medical health professionals will join our team as we open our second clinic, the 4U Testing Center. This clinic will be reaching college students in Southwest Missouri.*
- *Pray for continued donor excitement and partnership as the new educational classroom is built on at the LifeChoices Medical Clinic. This addition will alleviate the current overcrowding of parenting skill classes and allow sustainable growth. Pray that more clients will be able to access the Basic Parenting 101 class taught by the husband and wife team (Attorney and RN) and the Basic Parenting 201 class taught by Dr. Karl Wendt (Marriage and Family Therapist).*
- *Pray for spiritual health and emotional stamina of staff and volunteers who tirelessly intercede on behalf of life through option counseling, STI testing and treatment, ultrasounds, prenatal services and parenting skills classes. Pray for protection against burnout and compassion fatigue.*

Maureen Yockey, Executive Director, Alternatives Pregnancy Centers, Denver, CO:

- *Please thank the Lord with us for a new client who learned about Alternatives and came in to our office for counseling after recently having an abortion. Please pray for her spiritual and physical healing as she processes the trauma she is feeling from the abortion and for her courage and the peace of Jesus as she continues with a new pregnancy.*
- *Please pray for a client who was extremely abortion minded before her recent ultrasound. After seeing that she was much further along than she initially expected, she is now undecided about her final decision. Please pray for clarity from the Lord and for His peace as she makes her decision. Pray that she will remember the precious image she saw on the ultrasound screen and consider carrying her baby to term.*
- *Please pray for God's continued favor and wisdom over the leadership, staff and volunteers in pregnancy centers. May Christians in our communities recognize the opportunity to truly make a difference in lives, even to generations yet unborn, and gather around local pregnancy centers with their time, talent and treasure.*

Joy Johnson, Pregnancy Care Clinic, Whittier, CA:

We have had several girls prayer to receive Christ recently. Pray that we can find godly women to disciple them and for them to grow in the knowledge and grace of our Lord Jesus Christ and not be snatched away by the enemy.

Thank you! We just found your link. We have been desiring to find a group to pray for our clinic when we have abortion vulnerable women and clients who show a sincere desire to change their ways and follow Christ. Praise the LORD! What an answer to prayer!

Hope Pregnancy Center of Brazos Valley, located in College Station Texas:

- *We pray that every abortion-minded or at-risk woman and her partner in our community will come to Hope*
- *Pray that the gospel will be shared with those who come here, and that it be received with an open heart*
- *We need a hedge of protection around the ministry and those who minister here*
- *Pray for healing for individuals (or family members) involved with Hope*
- *Ask for God's provision for the ministry in wisdom, finances and volunteers*
- *Pray for a spirit of unity and cooperation among board, staff, volunteers and supporters*
- *Give thanks for what God has already done, is doing and will do.*
