

Here are some of the thank you notes submitted at BEaVOICE.net:

Hello- I've wanted to send out this type of thank you for about a week now and then I stumbled onto here. I am a 22 year old mother of a beautiful 5 month old. I got pregnant and I knew that abortion was NOT an option from the start. However, I decided to go to a pregnancy center anyway to see if they could offer any help. I went to Carenet, a local pregnancy center. I was nervous at first but I joined a group of three other girls and I felt very supported. Carenet offered to me friendship with other moms as well as many baby items that I could not afford. Through them I am able to get formula and diapers; I received a stroller, car seat, a BEAUTIFUL crib and changing table and much more from the center. I am very happy that I decided to find support and I am very thankful to all the women and men who help to organize these facilities. I think I would feel a lot more alone and would not have come out of my post partum depression if I didn't have my mom's group to look forward to every Tuesday morning. It just brightens up my week. So, thank you to everyone who helps support unwed, confused, scared and often unsupported mother to carry their babies and make the right decision (whether adoption or parenthood). –

I want to say thank you for all the work the Centers do to help these young lives - the mothers and the children. I am a volunteer fundraiser for one of the local centers here in Nashville, TN. I see the good that is taking place there. My prayer is that the nation will open their eyes and see that a whole generation is being destroyed through abortion. Some day all eyes will be opened to the wrong that has been done. God forgive them. –*Linda*

Thank you SO much for all that you do. I am the adoptive mother of a son who was given up for adoption at birth almost 4 years ago. He is the love of my life. That 18 year old girl could have chosen abortion but she didn't. That selfless act that she did gave me the child I could not have myself. Thank you from the bottom of my heart. –*Margie*

May the Lord bless you abundantly each day and again, THANK YOU FOR EVERYTHING YOU DO!!!! –*Jennifer*

May the Lord Jesus bless your ministry to help those women who have been taught that abortion is the right thing to do. Thank you for sharing the Truth with them that God Himself said He knew us while we were still in the womb. Thank you for sharing with them you love and your support as they embark on this very difficult time. The Lord will never leave us and they are not alone. Every child is a gift of God and although some pregnancies may seem like accidents, God is very clear in the Bible when He says, Thou shall not murder. Thank you for sharing this Truth to them. We are in a fight of battle with those who say abortion is ok. People who do not know the knowledge of God will have to give an account to God. May we as Christians stand together with you. I just wanted to say "Thank You" to everyone who is out there giving of their time and talents to save the lives of countless babies who deserve life. God had a plan for you, for right now and you are walking in that plan every time you seek to share the Love of the Father with a mom in a crisis pregnancy, or with a mom who chooses life, but just needs a helping hand. Thanks for sharing and living a life that represents Christ. –*Janet*

Thank you so much for all that you do! Thank you for providing free services to women who may be confused as to what they want to do in their situation. –*Danielle*

I took my friend to a CPC when she became pregnant at 17. She had a healthy happy baby, it's been years, her daughter is now 10 years old and she has a wonderful family. I'm so glad we had the option to take her to a CPC instead of Planned Parenthood. Everyone at the CPC treated her with respect, as well as the baby regardless of it being conceived in less than optimal circumstances. THANK YOU –*Pam*

I thank God for the pregnancy centers who take care of these precious women and their babies. I didn't have that chance to experience that when I was pregnant. God Bless you!! Much love. -*Sandi*

You are doing God's work here and now. Combating the current day global holocaust taking place with love and help. You are at the same time peace givers and warriors against the culture of death accosting the unborn. I was one of those who succumbed to my own the abortion of my own baby...pregnant two months later, and deeply broken from that previous experience, I knew I could not and would not repeat that final decision. I visited the pregnancy decision health center with my boyfriend. They were so welcoming and loving and gave me resources for life. Today, our son is 4 years old, his name is Luka, and my boyfriend and I will celebrate 5 years of marriage this June 2010!! We have both committed our lives to Jesus and are raising Luka that way too. Through PDHC I also was referred to a H.E.A.R.T. group (healing the effects of abortion related trauma) to deal with my shame, fear, and anger God's way. Praise God for redeeming me and blessing us with a new life. I know we will all rejoice together with our unborn baby in heaven one day soon! Now I plan to partner with my local pregnancy centers, here in Columbus, Ohio, and those praying for women considering the abortion of their baby. May God richly bless you all and thank you for your ministry, it is not in vain! –*Abigail*

Thank you so much for all you do to save little lives. I have 3 children and have such a burden for women with unwanted pregnancies and their babies. May the Lord bless you and give you all you need to continue this blessed ministry. Alive in Christ. –*Amber*

How much better does it get when you stand for honesty, integrity, goodness, truth and righteousness. I love it and thank-you for being a non-judgmental, just trying to love the world and expressing your loving opinion type of people. God bless you and your bravery. –*Elise*

Words cannot express how much you are appreciated for doing the work of the Kingdom of God. You are so valuable to Him and to the Body of Christ! I know that the enemy has and will try to use anything against you to keep you from this commitment you have made to our Lord. May God Bless You Abundantly! –*Nona*

Thank you so much for being willing to be available to help at a time when a woman can feel so helpless. God is our" very present Help in times of trouble". Again, thank you for loving the life that God has breathed into us. –*Lynda*

I thank God for making provision for you to exist Partner in God's Business of saving precious lives...each one designed in the womb to execute God's plan in this world. For you, for your daily efforts, I give Grateful Thanks! –*Linda*

I want to thank all who are a part of the pregnancy centers. I have four living children, lost two by miscarriage and would have lost two of the living had I took the "advice" of the doctors to terminate my pregnancies. As I write, we are planning a wedding for my precious daughter, who 26 years ago, the doctor told me I had "other options". My youngest child, now 18 yrs old, was another that many said at the four month blood test (which I refused) would have been easier to discard, because things weren't quite right... He was born with spina-bifida and hydrocephalus. Easier? On who? Not my conscience, morals or beliefs. He has touched so many people through his 18 yrs of life. Keep saving lives and never grow weary. People are worth it. Thank you all so much! –*Kristine*

Thank you- Because of your work many babies survive. I think of my baby very often- I imagine she was a girl, I named her Kirah. She would have been tall, with brown eyes and hair, probably athletic too. There was not one single, solitary person in my life that told me to keep her- no one. Even both "GrandMoms" were caught up in the culture of death during the 80's. If only one person had told me that I was killing a child and I should save her life- I likely would not have done that. But there was not one person, anywhere to tell me. I pray for your ministry, for your protection and for God's hand to bring many, many to you who may not be hearing that there is another option. Sincerely –*Diane*

Thank you for giving women a choice and a chance. By informing, empowering and blessing these women with understanding, you are giving these precious babies a chance at life. My daughter was unexpected and even though I was already engaged to her father, it was still a very scary time. Never once did the thought of abortion cross my mind. That isn't an option to me. I knew that I would figure it out somehow. You are the voice telling these girls that they will figure it out, they can do it. You're doing the Lord's work. –*Sarah*

I so wish I would have had a place to go to like yours, back in 1986 when I needed another option. Thank you for standing in the gap and being a voice for those who cannot yet speak. May God continue to shine His light on you. –*Darcy*

As one who was born of a 15 year old before Roe v. Wade, I just want to say thank you for being there for teen moms and their babies. I was fortunate to have a godly grandmother who raised me, but a lot of people don't have that option. Thanks for standing for LIFE. –*Dion*

Thank you so much for all that you do. My birth mother, unfortunately, lived what some may call "a life of sin." She conceived many times and thankfully, she never aborted. She had no possible way to care for us so she put us all into adoption. I was adopted at 5 days old. If it wasn't for people like you, I wouldn't be here today. I never would have made it. Thank you for letting me live. Continue being used by the Almighty One. Thank you again. –*Prsicilla*

Thank you so much for helping women see the life growing inside of them. The life of a child is such a blessing in so many lives. I am such a blessing. My birth mother could have chosen to abort me when she found out she was pregnant at the age of 15, but instead, she chose life for me, and the couple who raised me, my parents, have been blessed because of it. Thank you for being a part of the story of hundreds of children with a story like mine. –*Kristin*

Thank you for being in the front lines to save lives. We must never leave the field because the babies deserve to live and the women who carry them need what the pregnancy centers can offer in emotional and temporal support to carry to term. The fight for life is a fact of life now and must never let down. -*Lucille*

As a social worker employed by an adoption agency, I want to thank you from the bottom of my heart for doing what you do. I know how hard it is, how emotionally exhausting it can be, but most of all, the reward to so many people when women choose LIFE. I am thankful centers like you exist to be the first point of contact for hurting women and families, and I am thankful when they are sent our way by people like you. Many prayers and blessings on you as you continue to do God's work with women, families, and children. -*Rachelle*

Your efforts on behalf of the innocent yet born children are a tribute to the grace of God. Thank you for your sacrificial giving to these who cannot help themselves and the mothers that need your support. Thank You and God Bless You. -*Dan & Darcie*

As a mother of two amazingly wonderful children, thank you for all you do to save children like my beautiful, now 14-yr-old son. He was rescued from what would have been my second abortion. I am continually thankful that God turned my heart in time. I became pregnant again a year later and didn't even consider an abortion for my beautiful, now 13-yr-old daughter, even while having a baby at home that I could not provide for. I pray that you will succeed unimaginably at helping this same miracle of the heart to happen for every person considering abortion, for everyone working in the abortion industry, and for all those who either don't have an opinion about abortion, who think abortion doesn't affect them, or who think it is not their fight. Keep showing them all love and spreading the heart of God. It will not return void. Bless you, bless you, bless you. –
Heather

I used to be pro-choice. Now I see that is wrong. God Bless your work and may those of us formerly in the wrong be welcomed back to the fold to help win the good fight for God! –*Lori*

Thank you so much for serving pregnant woman. I am one who got pregnant at an early age. I was 17 and never considered an abortion. I knew it was a baby but I also knew there was help out there. I knew of a sign outside of a church that said Pregnancy refuge and I will tell you knowing that made me feel I could do this there is help out there. Today I am a mom of three and that little girl I gave birth to at the age of 18 changed my life for the better. It got me away from the wrong crowd and into the saving arms of Jesus Christ. When she was 6 months old I recommitted my life to Jesus and have been there ever since.... Keep up the good work and may God Richly Bless all that you DO..... –*Diana*

Thank you for the support you give to anyone who comes through your doors. My daughter and her husband were thrilled to be pregnant but with no insurance they were scared of the future. She was able to confirm her pregnancy and abolish any fears when she received a free ultrasound and knew that God had given them a wonderful gift that was developing beautifully!
Thank you! –*Cheryl*

Thank you for all you are doing to extend positive alternatives to woman who are pregnant and who might otherwise choose to have an abortion. God bless you! - *David*
Can you believe it has been over 30 years ago that I aborted my baby, and it feels like yesterday? I wanted so badly for someone to say, "Don't do it, it will be okay!" But there was no one. So, I want to say "Thank You" for being there for any woman who needs someone--anyone--to say "Keep your baby, it'll be okay." You are a blessing to them and to me. May God prosper you in all that you do for His Kingdom. –*Chris*

Thank you and God bless you for being there for all women. I only wish you all had been or I had known about you back when I had my abortion. I have no doubt I would have made a different decision. Keep up God's work. You have much support. –*Karen*

I am a pro-life woman whose has also had an abortion. I just found out my daughter is pregnant (unmarried). It's going to be a tough road, but I am very thankful that she has "heard" everything I've told her over the years about how much God hates the killing of the unborn. I just wasn't committed to it until it was too late for MY unborn baby. Thank you for everything you are doing to help women make the choice for Life. God bless you all. –*Barbara*

God has witnessed love in your lives as you have been there to show troubled women, who find themselves with an unplanned pregnancy, that there is life in them and they are loved. I pray that God will continue to work through you to help those in need by showing love, support, and kindness to those that feel lost and alone. A day doesn't go by when I wished that I would've had somewhere to turn when I was in that situation. I know that I have the forgiveness of God and Jesus Christ but know that it wasn't the right choice. You are helping others make the "right" choices. Thank you!! –*Trina*

Thank You for being a part of our communities and helping women and young girls save their babies! The unborn children need a voice like you. Continue your great work and our prayers are with you. God Bless! –*Grace*

Coming from the heart. As a man, I wish I would have known about a pregnancy center 24 yrs ago so that I could have taken her to a center instead of her going to an abortion clinic. Even though I have been forgiven, the loss and guilt never goes away. Women and even some men need your centers so desperately. Thank you for being a voice of reason in this disposable world. –*Anonymous*

In a culture where moral and ethical lines are constantly challenged and crossed, it's wonderful to know pregnancy centers like yours exist as a safe haven for families and as a voice for the sanctity of human life. I just wanted to say thank you for all you are doing. After I got out of college and before I found my husband, I had an abortion at a Planned Parenthood Clinic. There was no one there to advise me and I was in a desperate situation. I wish someone had been there to help me. I've asked for the Lord's forgiveness and I know He's forgiven me, but it's still hard for me to forgive myself and it still causes me pain. –*Becky*

How can I ever thank you enough. Almost 20 years ago, I was confused and offered an abortion. I realized I feared God, and although alone, I could not abort. Someone directed me to a crisis pregnancy centre. Next thing you know I had Dr.'s and nurses caring for my pregnancy and needs!!! The team had compassion and concern for me. Not shame! I was blessed beyond hope in the midst of a desperate situation! Now, as my son, a young man, looks for his place in this world, I could not imagine life with out knowing him! He has enriched my life. I praise God and thank you!!! Please, keep on going!! From a thankful mother –*Karen*

Thank you for the work you do, it is a blessing to those little lives that are saved every day. I thank the Lord for the strength you have to protect the little ones. Eph 6:11-12 "Put on all of God's armor so that you will be able to stand firm against all strategies and tricks of the Devil. For we are not fighting against people made of flesh and blood, but against the evil rulers and authorities of the unseen world, against those mighty powers of darkness who rule this world, and against wicked spirits in the heavenly realms." Thank you -*Heidi*

Thank you for your devotion and perseverance and faithfulness to the cause; for being an advocate and participant in saving the most vulnerable in our society. –*Peggy*

I read somewhere that it makes better sense to put a fence at the top of the cliff than to put an ambulance at the bottom of the cliff. May God continue to use you to share His truth about the value of each life. "Therefore, my beloved brothers, be steadfast, immovable, always abounding in the work of the Lord, knowing that in the Lord your labor is not in vain." I Corinthians 15:58 –*Verna*

I was already a single mother of a two-year-old child when I found out I was pregnant again. I immediately considered abortion, but decided to pray and ask God for guidance before I opened the phone book. The Center I discovered, and subsequently went to, had a wonderful woman who met with me. I originally decided on adoption for my child — however, the father would not agree (even though he was not involved and did not support me). So I elected to carry the baby to term and raise him myself. The Resource Center provided everything I needed. In fact, that kind counselor housed me during the end of my pregnancy (because I had no place to live) and went with me when I gave birth. I wouldn't have my son without that Center. My little guy is now nine years old and the light of my life! Thanks again for everything you do! — *Anonymous*
